

ROCCO'S ROBOTS

A GAME BY
SCOTT ANDREWS

— THE — RULE BOOK

GOOBER GOBBER
GAMES

INTRO

AFTER BEING STRANDED ON THE ONLY HABITABLE PLANET WITHIN LIGHT YEARS, ROCCO WAS FORCED TO MAKE A DECISION: GIVE UP OR SURVIVE. NOT ONLY DID HE CHOOSE SURVIVAL, BUT THIS YEAR, WHEN HE SENT OUT HIS REPURPOSED RESEARCH ROBOTS INTO THE UNFORGIVING TERRAIN, HE WOULD MAKE THEIR ANNUAL RESOURCE GATHERING TREK INTERESTING AND PIT THEM AGAINST ONE ANOTHER! THE ROBOT WHO COULD GATHER THE NEEDED RESOURCES FIRST AND RETURN HOME WOULD BE THE WINNER WOULD RECEIVE AN EXTRA SPECIAL UPGRADE!

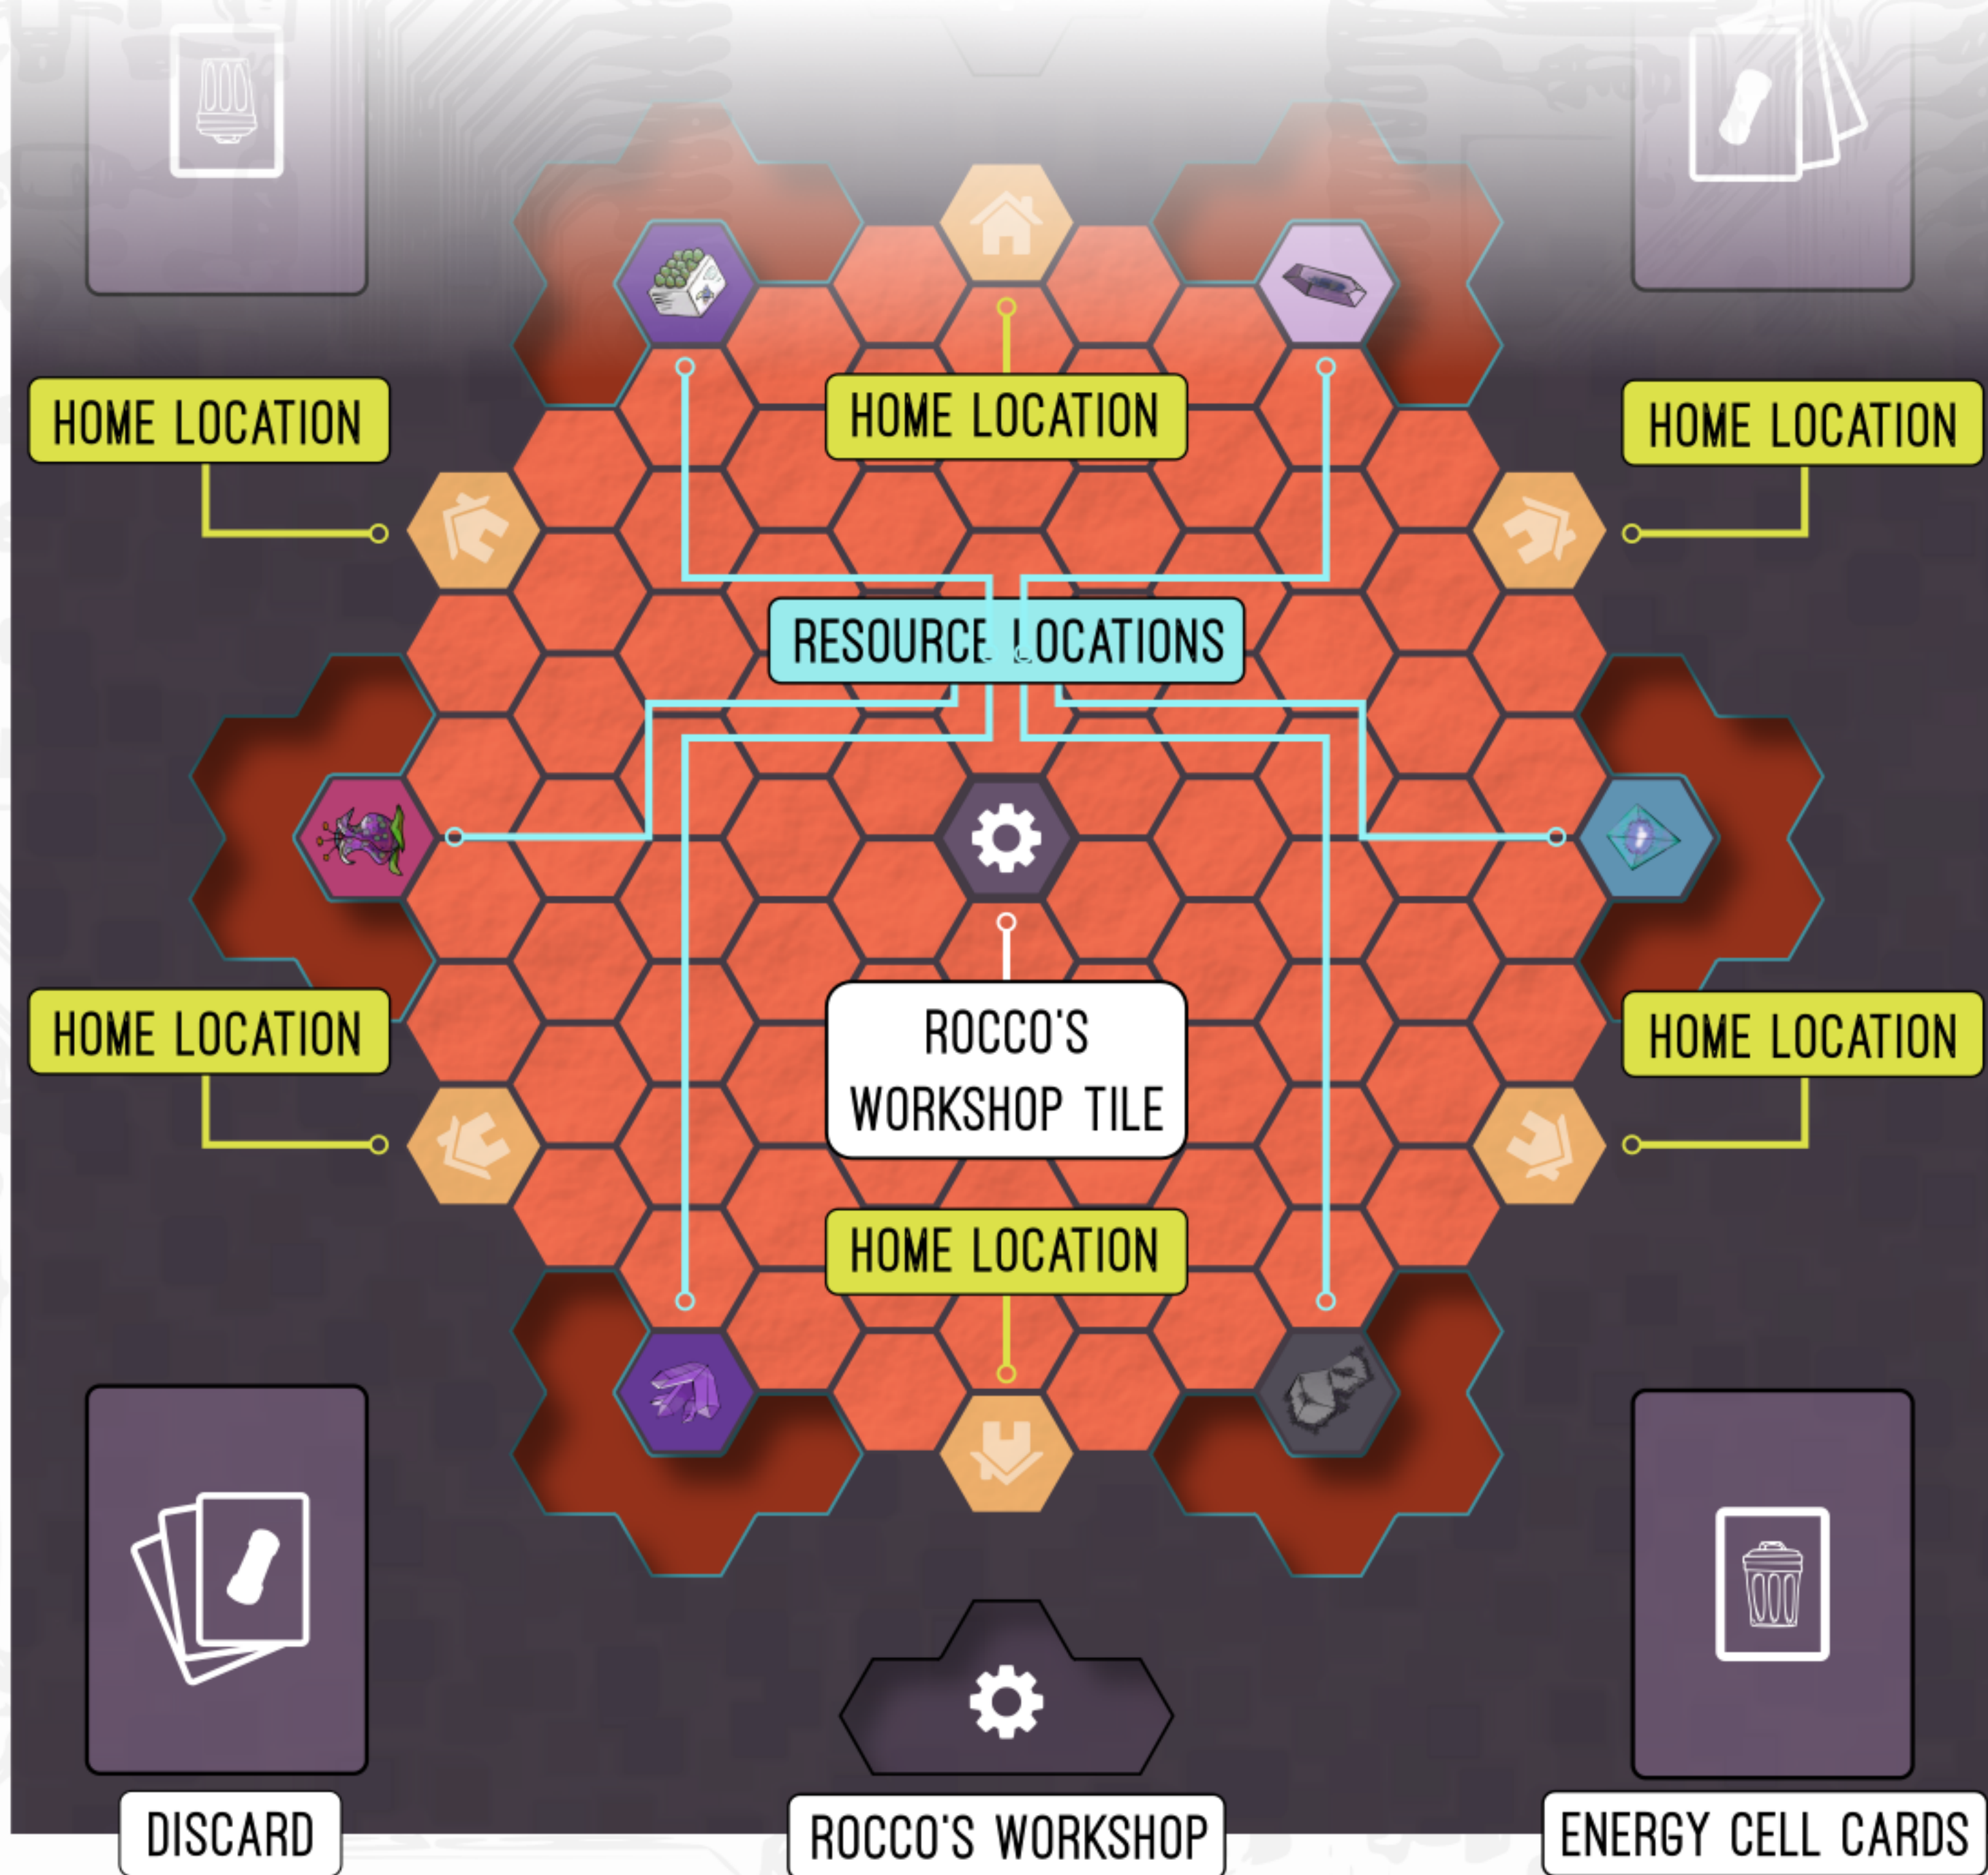

COMPONENTS LIST

- 1 GAME BOARD
- 6 PLAYER BOARDS
- 6 ROBOTS
- 24 SKILL CUBES
- 6 RESOURCE DRIVE TOKENS
- 36 RESOURCE TASK TOKENS
- 1 RESOURCE BAG
- 48 RESOURCE TOKENS
- 120 PATH TILES
- 1 PATH TILES BAG
- 90 ENERGY CELL CARDS

BOARD SETUP

- PLACE THE GAME BOARD IN A CENTERED LOCATION BETWEEN ALL PLAYERS
- SEPARATE THE RESOURCE DRIVES INTO ROCCO'S WORKSHOPS INDICATED WITH THE (⚙️) ICON ON THE GAME BOARD
- SEPARATE ALL RESOURCES INTO THEIR CORRESPONDING RESOURCE LOCATIONS AROUND THE BOARD
- SHUFFLE ALL ENERGY CELL CARDS AND SPLIT THEM UP ON THE MARKED ENERGY CELL LOCATIONS AT OPPOSITE CORNERS OF THE GAME BOARD

PLAYER SETUP

SELECT A ROBOT, CORRESPONDING HOME TILE, AND PLAYER BOARD

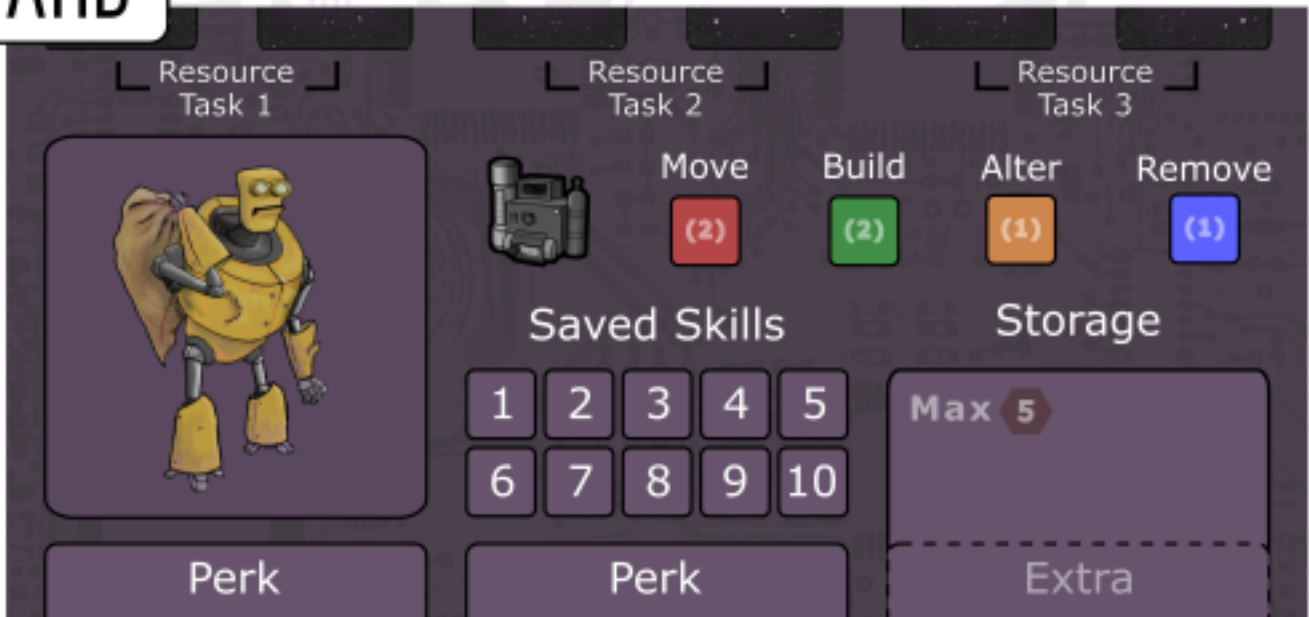

ROBOT

HOME TILE

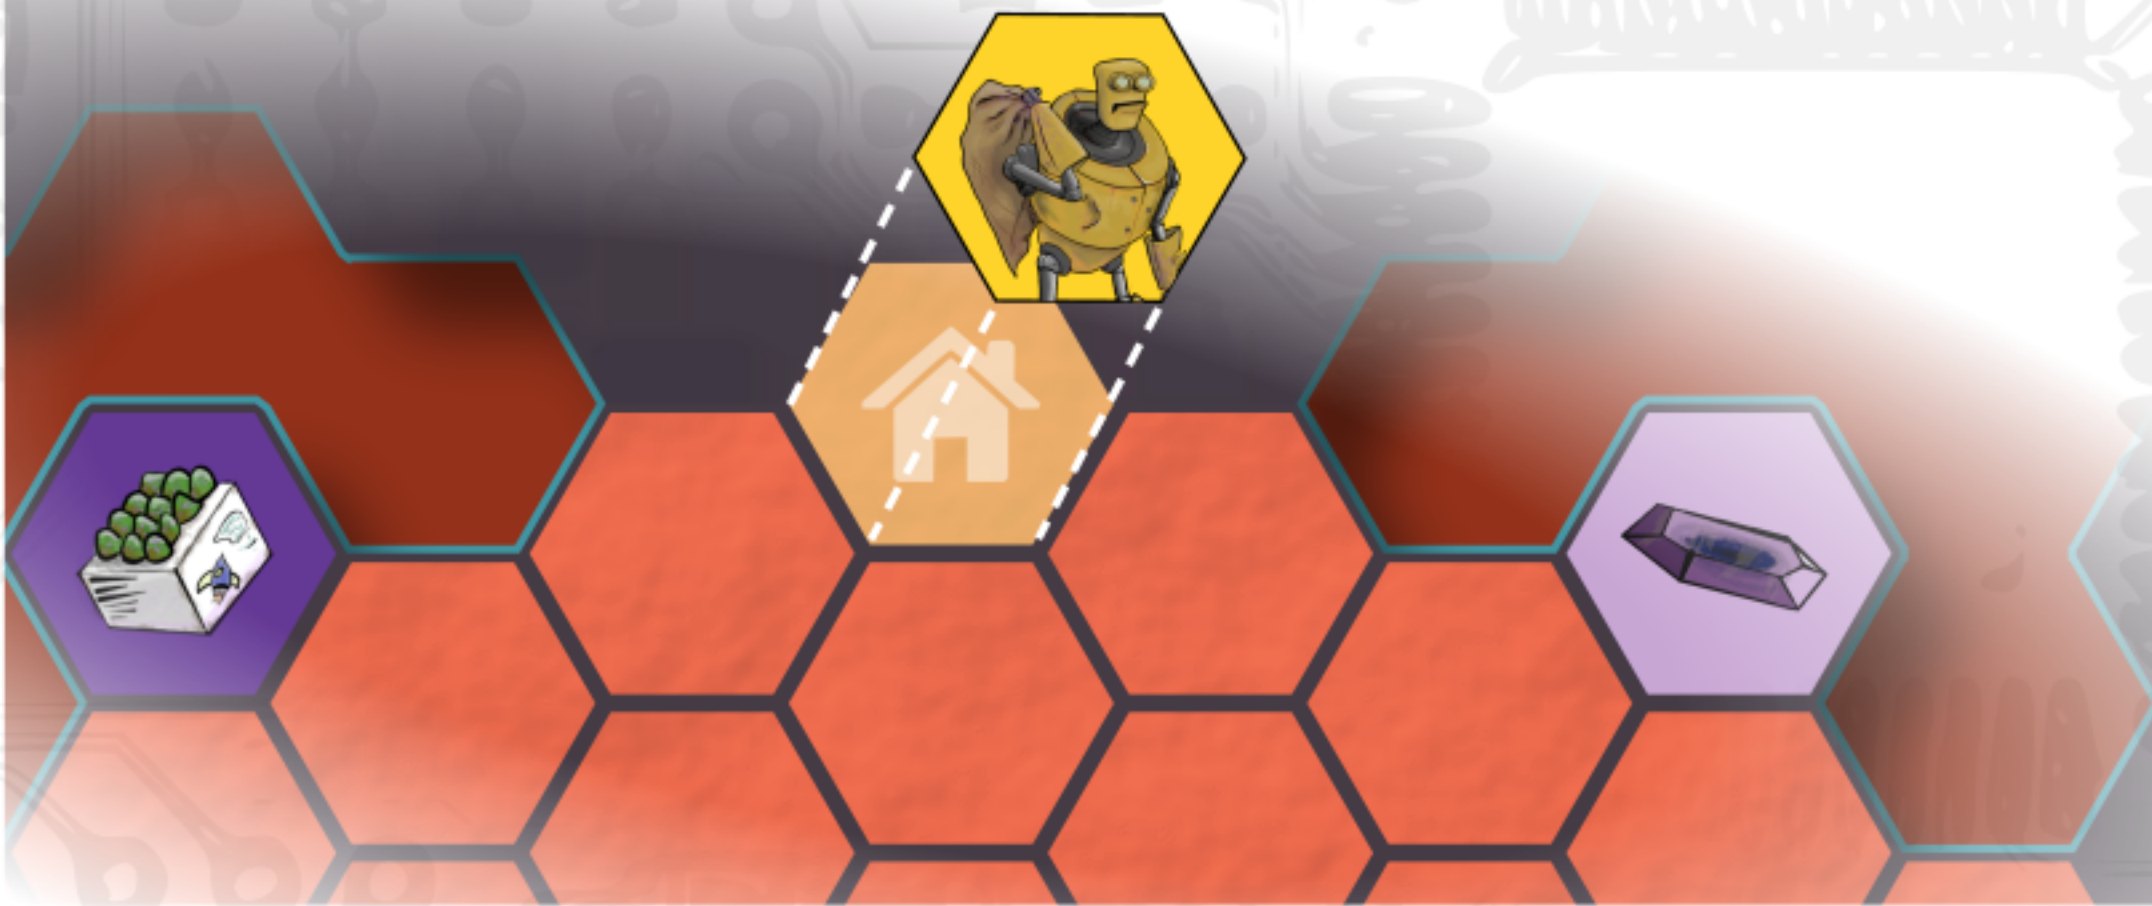

PLAYER BOARD

PLACE THE COLORED SKILL CUBES ON THE PLAYER BOARD IN THE CORRESPONDING SKILL THAT MATCHES THE SKILL CUBE'S COLOR. THE VALUE FACING UP ON THE SKILL CUBE SHOULD MATCH THE STARTING VALUE FOUND ON THE PLAYER BOARD.

PICK A HOME STARTING LOCATION AND PLACE THE ROBOT HOME TILE ON TOP OF IT

PLAYER SETUP CONT...

DRAW 4 ENERGY CELL CARDS

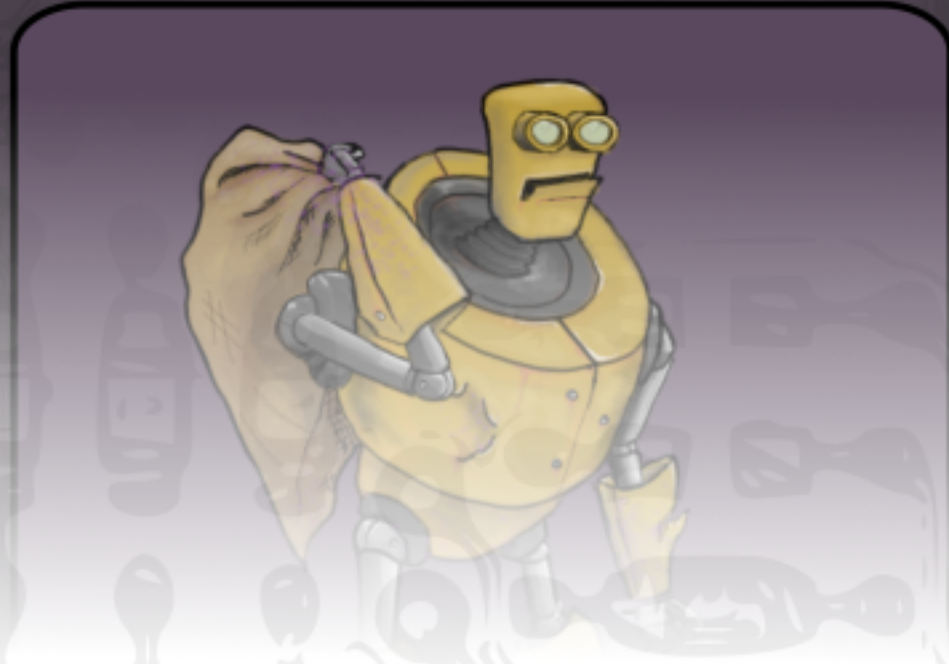

DRAW 2 RESOURCE TASKS AND PLACE THEM ABOVE THE PLAYER BOARD

Resource Task 1

Resource Task 2

Resource Task 3

Move

(2)

Build

(2)

Alter

(1)

Remove

(1)

Saved Skills

Storage

THE PLAYER TO LAST USE A TELESCOPE WILL BE THE FIRST TO TAKE THEIR TURN

GOAL

EACH PLAYER WILL USE THEIR ROBOT TO TRAVERSE THE MAP USING THEIR **SKILLS** TO OBTAIN A **RESOURCE DRIVE** WHICH ALLOWS THEM TO CARRY ONE PAIR OF **RESOURCES**. OBTAIN THE RESOURCES THEY HAVE BEEN TASKED WITH RETRIEVING. RETURN HOME TO STORE THE GATHERED RESOURCES. AND REPEAT UNTIL THEY ARE THE FIRST TO COMPLETE 3 **TASKS** SUCCESSFULLY.

GAME PLAY

ON THE PLAYER'S TURN, THEY CAN EITHER POWER THEIR **ACTION SKILLS** BY DISCARDING **ENERGY CELL CARDS**, OR THEY CAN PERFORM THE ACTION LISTED ON THE ENERGY CELL CARD IN THEIR HAND AND THEN DISCARD IT. ONCE THE PLAYER HAS USED UP ALL OF THE CARDS IN THEIR HAND, THEY DRAW 4 MORE **ENERGY CELL CARDS** AND THEIR TURN IS OVER.

USING YOUR ACTION SKILLS

YOUR **ACTION SKILLS** CONSIST OF **MOVEMENT**, **BUILDING**, **ALTERING**, AND **REMOVING**. TO USE THESE SKILLS, YOU WILL HAVE TO USE 1 **ENERGY CELL CARD** FOR EACH TIME THE SKILL IS USED. WHEN YOU USE AN **ENERGY CELL CARD** TO POWER A **SKILL**, THAT CARD IS THEN DISCARDED WITHOUT USING THE ACTION LISTED ON THE CARD.

EXAMPLE: AT THE START OF THE GAME IF YOUR **BUILD SKILL** IS AT LEVEL 2 AND YOU WISH TO BUILD 4 TILES YOU WOULD NEED TO SPEND 2 OF YOUR 4 **ENERGY CELL CARDS** BY DISCARDING THEM.

EACH SKILL CAN BE BENEFICIAL TO HELPING YOU GATHER RESOURCES, SO MAKE SURE YOU USE AND UPGRADE THEM WISELY.

MOVE

FOR EACH **ENERGY CELL** USED TO POWER THE **MOVE SKILL** YOUR ROBOT MAY TAKE THE SAME AMOUNT OF STEPS AS THE NUMBER LISTED ON THE FACE OF THE CORRESPONDING **SKILL CUBE**.

BUILD

FOR EACH **ENERGY CELL** USED TO POWER THE **BUILD SKILL** THE PLAYER WILL DRAW THE SAME AMOUNT OF **PATH TILES** TO BE USED AS THE NUMBER LISTED ON THE FACE OF THE CORRESPONDING **SKILL CUBE**. AFTER DRAWING THE **PATH TILES** THE PLAYER CAN EITHER PLACE THEM ON ANY OPEN SPOT ON THE MAP (EXCEPT **HOME LOCATIONS**) OR STORE THEM FOR LATER USE IN THEIR **STORAGE**.

GAME PLAY CONT...

ALTER

FOR EACH **ENERGY CELL** USED TO POWER THE **ALTER SKILL** THE PLAYER WILL THEN BE ABLE TO ROTATE OR FLIP ANY **PATH TILE** PLACED ON THE MAP (EXCEPT **HOME TILES** AND **SPECIAL PATH TILES**) FOR AS MANY TIMES AS THE NUMBER LISTED ON THE CORRESPONDING **SKILL CUBE**. WHEN ALTERING A TILE THE PLAYER CAN ROTATE IT OR FLIP IT OVER BUT CANNOT REMOVE IT.

REMOVE

FOR EACH **ENERGY CELL** USED TO POWER THE **REMOVE SKILL** THE PLAYER WILL REMOVE THE SAME AMOUNT OF **PATH TILES** FROM THE MAP AS THE NUMBER LISTED ON THE FACE OF THE CORRESPONDING **SKILL CUBE**.

SAVING ACTION SKILLS

WHEN USING **ACTION SKILLS** YOU CAN CHOOSE TO SAVE THE SKILL INSTEAD OF USING IT. IF YOU WISH TO STORE THE ACTION FOR LATER. THIS MIGHT COME IN HANDY IF YOU ARE PLANNING TO MOVE YOUR ROBOT ONLY A PORTION OF THE **MOVE SKILL** AVAILABLE AND WANT TO STORE THE REST TO BE USED ON A SEPERATE TURN. IN ORDER TO **SAVE A SKILL** INSTEAD OF USING THE SKILL THAT HAS BEEN POWERED BY AN **ENERGY CALL CARD**, YOU MOVE THE **SKILL CUBE** OF THAT SKILL FROM ITS **SKILL CUBE** LOCATION TO THE SAVED SKILL VALUE.

EXAMPLE: YOU SPEND 2 **ENERGY CELLS** TO GET 4 MOVEMENT BUT YOU WANT TO SAVE IT FOR ANOTHER TURN. YOU WOULD THEN MOVE THE **MOVE SKILL CUBE** FROM THE **MOVE SKILL** BOX TO THE **SAVED SKILL** BOX MARKED WITH A 4. (TAKING CAUTION NOT TO ROTATE YOUR SKILL CUBE).

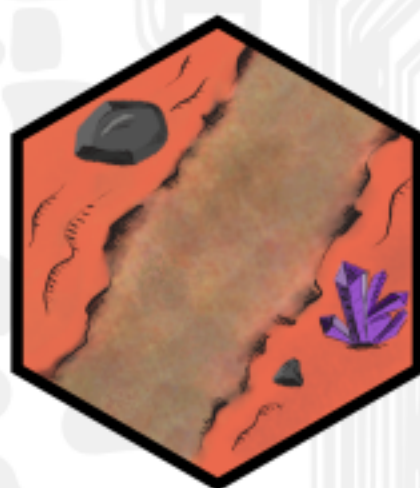

AT THE END OF YOUR TURN, IF YOU HAVE NOT USED ALL OF A SKILL YOU POWERED WITH AN **ENERGY CELL** YOU MAY PUT THE REMAINING VALUE AS A **SAVED SKILL** AS WELL.

GAME PLAY CONT...

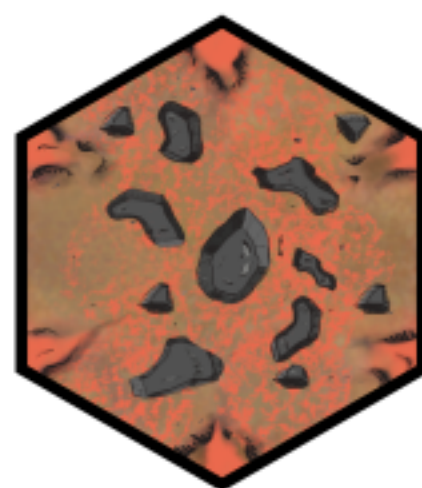

PATH TILES

YOUR ROBOT WILL NEED TO CREATE A PATH TO TRAVERSE ACROSS THE MAP AND GATHER **RESOURCES**. TO DO THIS YOU WILL NEED **PATH TILES**. ON EACH **PATH TILE** THERE IS A PATH THAT CAN EASILY BE TRAVERSED AND ON THE BACK THERE IS EITHER A PILE OF DEBRIS WHICH IS DIFFICULT TO MOVE THROUGH, OR THERE IS A PITFALL THAT CANNOT BE PASSED THROUGH.

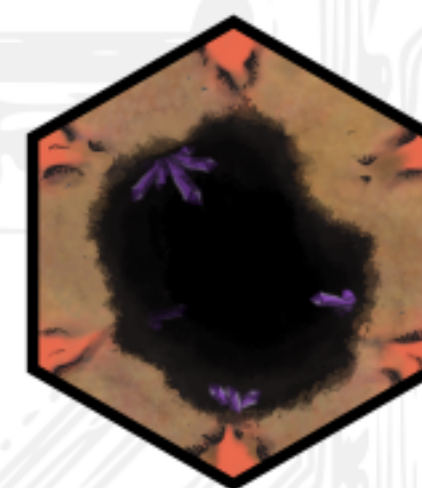

PATH

1 MOVE TO TRAVERSE

DEBRIS

2 MOVES TO TRAVERSE

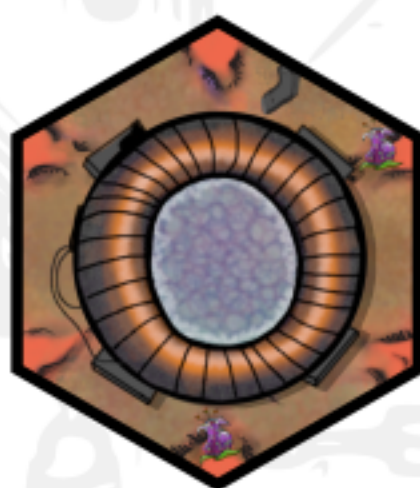

PITFALL

CANNOT BE TRAVERSED

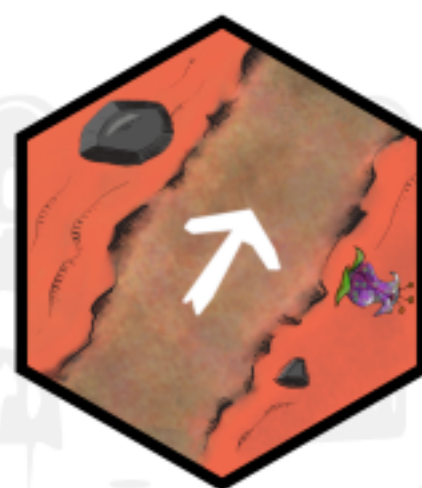

SPECIAL PATH TILES

ALONG WITH THE STANDARD PATH TILES, THERE ARE ALSO SPECIAL PATH TILES THAT OFFER SPECIAL ABILITIES AS WELL. THERE ARE 3 DIFFERENT SPECIAL TILES AVAILABLE, TELEPORTER, DIRECTIONAL PATH, AND AN EMP CAGE.

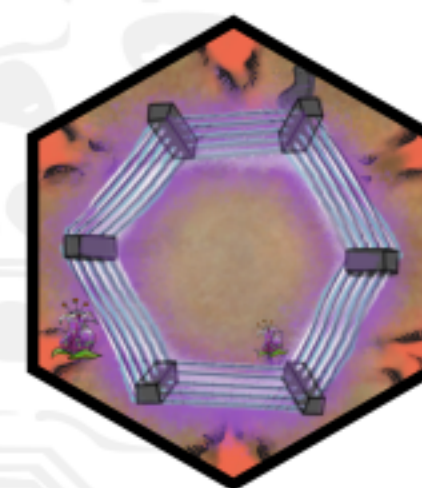

TELEPORTER

THE TELEPORTER TILE CAN BE TRAVERSED FROM ONE TELEPORTER TILE TO ANOTHER TELEPORTER TILE AS IF THEY WERE ADJACENT TILES OR AS A REGULAR 6-WAY PATH TILE..

DIRECTIONAL PATH

DIRECTIONAL TILES CAN ONLY BE TRAVERSED IN THE DIRECTION SPECIFIED ON THE PATH

EMP CAGE

WHEN YOU PLACE AN EMP CAGE YOU ALSO HAVE THE OPTION OF PLACING ANOTHER ROBOT INSIDE OF THE EMP CAGE. THE ROBOT WILL THEN HAVE TO EITHER GIVE UP 4 ENERGY CELLS OR THEIR RESOURCE DRIVE TO ESCAPE TO THE NEAREST PATH TILE.

GAME PLAY CONT...

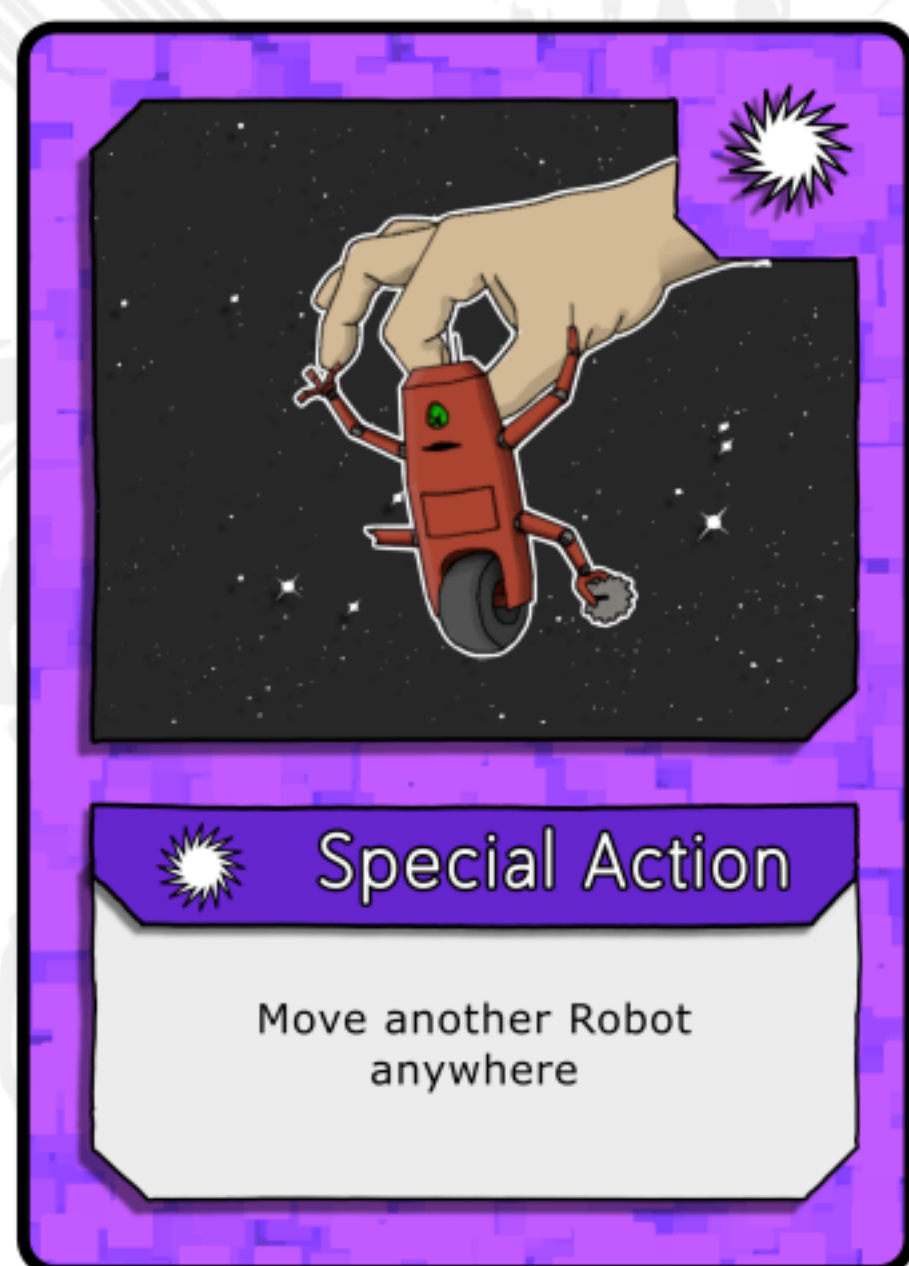

ENERGY CELL CARD ACTIONS

INSTEAD OF USING THE **ENERGY CELL CARDS** TO POWER YOUR **SKILLS** YOU COULD ALTERNATIVELY CHOOSE TO TAKE THE **ACTION** LISTED ON THE CARD. THESE **ACTIONS** ARE BROKEN UP INTO 4 DIFFERENT CATEGORIES, **ACTIONS**, **SPECIAL ACTIONS**, **PERKS**, AND **UPGRADES**.

ACTION CARDS

ACTION CARDS WILL CONSIST OF A UNIQUE **ACTION** THAT WILL EITHER ASSIST IN YOUR JOURNEY TO GATHER RESOURCES, OR IT WILL ALLOW YOU TO HINDER YOUR OPPONENTS ON THEIR JOURNEY.

SPECIAL ACTION CARDS

SPECIAL ACTION CARDS ARE A RARE TYPE OF **ACTION CARD** THAT WILL GIVE A MUCH GREATER ADVANTAGE OR DISADVANTAGE TO THE ROBOT IT IS USED ON.

GAME PLAY CONT...

PERK CARDS

PERK CARDS GIVE THE PLAYER A PASSIVE BONUS TO USE ON EACH TURN AFTER THE CARD HAS BEEN SUCCESSFULLY DRAFTED.

TO DRAFT A **PERK CARD** YOU WILL PLAY THE CARD FACE DOWN AND TUCK IT UNDER AN OPEN **PERK CARD** SLOT ON THE PLAYER BOARD. ON THE FOLLOWING TURN THAT **PERK CARD** CAN THEN BE FLIPPED OVER AND THE PERK LISTED ON THE CARD MAY NOW BE USED ONCE PER TURN UNTIL THAT CARD HAS BEEN REMOVED.

PERK CARDS CAN BE REMOVED EITHER BY THE PLAYER DURING THEIR TURN TO USE AS AN EXTRA **ENERGY CELL** OR THEY COULD BE FORCED TO BE DISCARDED BY ANOTHER PLAYER.

UPGRADE CARDS

UPGRADE CARDS ARE USED TO UPGRADE A **SKILL CUBE** OF THE TYPE DESIGNATED ON THE CARD.

NOTE ALL **UPGRADE CARDS** CAN ONLY BE USED AT ROCCO'S LAB AT THE CENTER OF THE MAP.

COLLECTING RESOURCES

RESOURCE TASKS

THROUGHOUT THE GAME AS A PLAYER YOU WILL BE TASKED WITH COLLECTING 3 SETS OF 2 RESOURCES. YOU WILL START WITH A SET OF 2 **RESOURCES** FOR THE FIRST **TASK** AND THEN EACH SUBSEQUENT SET WILL BE DRAWN FROM THE **RESOURCE BAG** ONCE THE PREVIOUS **TASK** HAS BEEN COMPLETED.

GATHERING TASKS

THERE ARE SIX UNIQUE **RESOURCES** FOUND SCATTERED AROUND THE MAP. THESE **RESOURCES** ARE UNFORTUNATELY TOO MUCH FOR THE ROBOTS TO CARRY IN THEIR CURRENT STATE.

THE ROBOTS WILL NEED A **RESOURCE DRIVE** TO GIVE THEM THE ABILITY TO CARRY 2 **RESOURCES**. TO OBTAIN A **RESOURCE DRIVE** A PLAYER NEEDS TO EITHER LAND ON OR PASS THROUGH **ROCCO'S LAB** IN THE MIDDLE OF THE MAP.

AFTER OBTAINING A **RESOURCE DRIVE** THE PLAYER MAY NOW NAVIGATE AROUND THE MAP TO COLLECT THE **RESOURCES** THEY HAVE BEEN TASKED WITH GATHERING. TO GATHER THE **RESOURCE** THE PLAYER HAS TO LAND ON THE **RESOURCE LOCATION TILE** AND THEN THEY MAY PLACE 1 OR 2 OF THAT **RESOURCE** INTO THEIR **STORAGE**.

ONCE A PLAYER'S ROBOT HAS GATHERED **RESOURCES** THEY WISH TO GATHER, THEY MAY NOW RETURN **HOME** TO STORE THE **RESOURCES**. ONCE THE PLAYER IS ON THEIR **HOME TILE** THEY MAY MOVE THE **RESOURCES** TO THEIR CORRESPONDING **RESOURCE TASK** TOKEN TO INDICATE THE **RESOURCE** HAS BEEN SUCCESSFULLY GATHERED.

AFTER SUCCESSFULLY GATHERING **RESOURCES** THE **RESOURCE DRIVE** HAS BEEN WORN DOWN AND IS IN NEED OF REPAIRS. THE **RESOURCE DRIVE** IS TO BE RETURNED TO **ROCCO'S LAB** BY PLACING IT IN THE AREA MARKED AS **ROCCO'S LAB** ON THE SIDE OF THE GAME BOARD. A NEW **RESOURCE DRIVE** WILL BE NEEDED FOR THE NEXT **RESOURCE TASK**.

SINCE THE LAST **RESOURCE TASK** WAS COMPLETED, A NEW SET OF 2 **RESOURCE TASKS** WILL NEED TO BE DRAWN FROM THE **RESOURCE BAG** AND PLACED ABOVE THE NEXT SEQUENTIAL **RESOURCE TASK** SLOTS ON THE PLAYER BOARD.

STORAGE

YOUR ROBOT'S **STORAGE** (AS SEEN ON YOUR PLAYER BOARD) IS NOT JUST FOR GATHERING **RESOURCES**, BUT CAN BE USED FOR STORING EXTRA **PATH TILES** AND AN EXTRA **ENERGY CELL CARD** AS WELL. IF YOU DO NOT WISH TO USE **PATH TILES** YOU DREW WHEN USING THE **BUILD SKILL** YOU MAY STORE THEM IN THE **STORAGE** SLOT ON YOUR PLAYER BOARD. YOU MAY USE THESE STORED **PATH TILES** ON ANY SUBSEQUENT TURN WITHOUT USING **ENERGY CELLS** AS THAT COST HAS ALREADY BEEN PAID.

ALSO, IF YOU WISH TO SAVE AN **ENERGY CELL CARD** YOU HAVE IN YOUR HAND TO BE USED LATER, THERE IS AN **EXTRA CARD STORAGE SLOT** FOUND ON THE PLAYER BOARD AS WELL SO THAT YOU DO NOT HAVE TO USE THAT CARD DURING YOUR TURN.

AS NICE AS IT IS FOR YOU TO STORE THESE EXTRA ITEMS, THERE ARE LIMITATIONS TO WHAT YOUR STORAGE CAN HOLD:

RESOURCES - 2
PATH TILES - 5
ENERGY CELL CARDS - 1

ADDITIONAL RULES & CLARIFICATIONS

MOVING THROUGH OTHER ROBOTS

WHEN MOVING ACROSS **PATH TILES** AND VISITING **ROCCO'S LAB**, YOU MAY MOVE THROUGH OTHER ROBOTS, BUT YOU MAY NOT END YOUR TURN ON THE SAME **PATH TILE** AS ANOTHER ROBOT.

LOSING PERK CARDS

IF YOU HAVE A **PERK CARD** THAT IS CURRENTLY ACTIVE THAT HAS BEEN REMOVED EITHER BY YOURSELF OR BY ANOTHER PLAYER FORCING YOU TO DISCARD IT, THE EFFECTS OF LOSING THAT PERK ARE ONLY SEEN ON YOUR FOLLOWING TURN.

EXAMPLE: IF YOU HAVE THE "DRAW AN EXTRA ENERGY CELL" **PERK CARD** ACTIVE AND YOU REMOVE THAT CARD TO USE AS AN **ENERGY CELL** TO POWER A **SKILL**, AT THE END OF YOUR TURN YOU WOULD STILL DRAW THE EXTRA CARD, BUT ON THE FOLLOWING TURN YOU WOULD NO LONGER HAVE THAT PERK.

DROPPING RESOURCES

IF YOU ARE FORCED TO DROP A **RESOURCE** OR LOSE A **RESOURCE DRIVE**, YOU WILL THEN BE FORCED TO PUT THE RESOURCES THAT ARE IN YOUR **STORAGE** ON THE **PATH TILE** YOU ARE CURRENTLY STANDING ON. AT THIS POINT ANY OTHER ROBOT CAN JOURNEY TO THE SAME **PATH TILE** AND PICK UP THE DROPPED **RESOURCES**. IF **RESOURCES** ARE RESIDING ON A **PATH TILE** AND THAT **PATH TILE** IS SUBSEQUENTLY REMOVED, THEN THOSE **RESOURCES** ARE RETURNED BACK TO THEIR RESOURCE LOCATION.

IF YOU ARE CARRYING 2 **RESOURCES** AND WISH TO CARRY A DIFFERENT **RESOURCE** YOU CAN SWAP A RESOURCE YOU ARE CARRYING IN YOUR STORAGE FOR THE NEW **RESOURCE**.

ALTERNATE GAME MODES

ALPHA MISSION

NO RESOURCE SETS, ALL RESOURCES ARE GATHERED ONE AT A TIME AND EACH PLAYER IS REQUIRED TO GATHER 1 OF EACH RESOURCE. THERE IS NO REQUIRED ORDER TO HOW RESOURCES ARE GATHERED.

CHANGES TO THE GAME SETUP:

- PLACE 1 OF EACH RESOURCE TOKEN AT THE TOP OF THE PLAYER BOARD

VAST SPACE

RESOURCE TASKS ARE PREDETERMINED BEFORE THE GAME STARTS. BEFORE STARTING THE PLAYERS WILL PICK WHICH RESOURCE SET THEY WANT TO GATHER FOR TASKS 1, 2, AND 3. AFTER THEY HAVE CHOSEN THEY CANNOT BE GATHERED OUT OF ORDER FOR THE DURATION OF THE GAME. EACH TASK'S RESOURCE SET IS MADE UP OF 2 RESOURCES THAT ARE ON OPPOSITE SIDES OF THE MAP.

CHANGES TO THE GAME SETUP:

- PLACE 1 OF EACH RESOURCE TOKEN AT THE TOP OF THE PLAYER BOARD ALONG WITH THEIR CORRESPONDING OPPOSITE RESOURCE, IN AN ORDER DETERMINED BY THE PLAYER.

THANKS

I WANTED TO FIRST AND FOREMOST SAY THANK YOU TO YOU; THE PLAYER, FOR SUPPORTING GOOBER GOBBER GAMES BY PURCHASING OUR INAUGURAL GAME, ROCCO'S ROBOTS. IF IT WEREN'T FOR YOUR SUPPORT THIS WOULD HAVE NEVER BECAME A REALITY. THIS ALSO WOULDN'T HAVE BEEN POSSIBLE WITHOUT THE SUPPORT OF FAMILY, FRIENDS, AND THOSE THAT INSPIRED ME TO BE CREATIVE.

BILL, GEORGE, SALLY, STEVE, SAM, ETC...

I ALSO WANT TO MAKE A SPECIAL SHOUTOUT AND THANK YOU TO THOSE THAT HELPED PLAYTEST THE GAME AS WELL.

BILL JR, GEORGE SR, SALLY THE 2ND, STEVE III, SAM (AGAIN), ETC...
